

## REMARKS

Enclosed is a check in the amount of \$48.00 for the additional claims fee. If any additional fees are required please charge that fee to Deposit Account No. 50-1060.

The claims being added by this amendment are copied from, and identical to, Claims 1-21 of U.S. Patent 5,857,016, issued January 5, 1999, to Timothy Edward Jedlicka. The claims are supported by the Applicant's specification, and the application has a priority date earlier than the '016 patent.

Applicant notes that the filing receipt for the parent application does not properly indicate the priority of the present application, which was properly declared. A separate request to correct such receipt is being filed for that file.

Respectfully submitted,

---
